Bug List for Dow 411.doc

I finished updating DOW. It is in the SourceSafe and the latest version is on .17\DOW and \\SQL70\_NT40\DOW  
The issues that still need to be addressed:

1. Signing iCopy ActiveXs. Alex should take care of that.

Bug List for Dow  
411.doc

## **Bug List for Dow 4.1 Phase II**

### **1. Microsoft Testing**

#### **1.1.1. Client Platform**

##### **1.1.1.1. Windows NT 4 Workstation SP5 IE5**

#### **1.1.2. Server Platform**

##### **1.1.2.1. Windows NT 4 Server SP5 SQL 7.0 SP1**

### **1.3. Add Docs**

#### **1.3.1. iCopy Page**

1.3.1.4. When iCopy is set to single page document the Prev & Next button should be noticeably disabled. It is disabled, but not noticeably

1.3.1.5. Zoom buttons do not work unless the image is clicked first. Fixed

##### **1.3.1.5.1. Steps:**

1.3.1.5.1.1. iCopy a document

1.3.1.5.1.2. Try to zoom using the "+" or "-" buttons.

1.3.1.5.1.3. Note that the image does not zoom.

1.3.1.5.1.4. Click on the image that was iCopy'd.

1.3.1.5.1.5. Try to zoom using the "+" or "-" buttons.

1.3.1.6. Note that the image is zoomed in and out.

- 1.3.1.7. There are no options to control the amount of zooming. Fixed
- 1.3.1.8. The iCopy Previous & Next buttons should be depressed when selected. Fixed?
- 1.3.1.10. When iCopying (especially for large multiple page documents) there needs to be a message displayed that iCopy is presently scanning a document for indexing. Fixed
- 

- 1.3.1.16. When uploading a doc it is necessary to select whether it is a multi page or single page document before pressing iCopy. This needs to be explicitly explained or the option needs to be disabled after the document has been icopied.

1.3.1.16.1. Steps:

- 1.3.1.16.1.1. Set for a single page document.
- 1.3.1.16.1.2. iCopy a multi page doc.
- 1.3.1.16.1.3. Set iCopy to a multi page doc
- 1.3.1.16.1.4. Press iSend

- 1.3.1.17. Note that each page of the document is uploaded as a single page document. Fixed

- 1.3.1.19. When selecting iCopy from an unsupported browser an appropriate error message should be displayed. Fixed

- 1.3.1.21.
